SIEMENS

Tailored Financing Solutions for a Competitive Edge

At Siemens, we create financing solutions that revolve around you. Our goal is to make your equipment investment simple, affordable, and perfectly aligned with your business ambitions.

Ready to expand, modernize or replace equipment?

We empower you to move boldly into the future. With adaptive financing designed for the dynamics of modern manufacturing, you maintain strong cash flow, distribute costs intelligently, and unlock cutting-edge technology to lead the industry forward. Our approach combines industry expertise with flexible finance solutions.

Global expertise

We operate across the globe with a proven track record in manufacturing industries.

Flexible options

Choose from leases, loans, or retrofit/refurbishment finance. We tailor each option to your equipment lifecycle and budget.

Global reach

No matter where you're based, we can connect you with local support and the backing of a worldwide network.

Modernization & sustainability

We support circular production goals and energy efficiency upgrades. We also finance modernization projects that keep your facilities competitive.

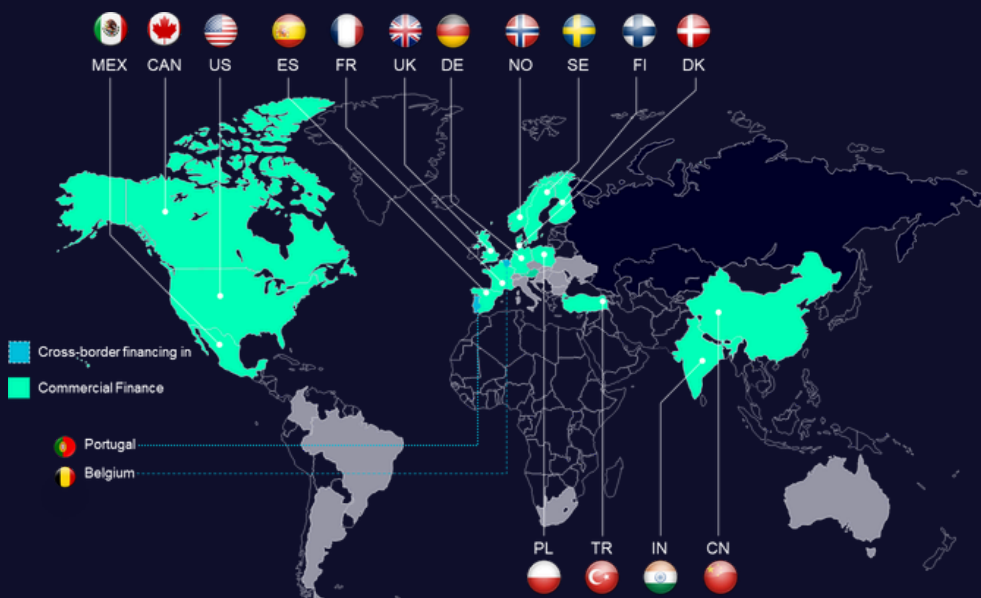

Industry know how

Our deep understanding of machinery markets ensures smooth financing processes and practical terms that work for you.

Financing features offered

- Down payment: from 0% up to 100% net investment value
- Financing terms up to 120 months
- Monthly, quarterly, or seasonal repayments
- Prefinancing for milestone payments
- Ramp-up payments for production
- Fixed or variable interest rates
- Variety of end-of-lease options

Financing in local currencies where applicable and depending on local financing solutions

Let's get started

It's our job to help you get the technology you need without compromising your cash flow. From first discussion to final payment plan, we make financing simple, fast and designed around your needs.
